Learning Objectives for Participants
At the conclusion of this seminar, the participant should be better able to:

1. Describe normal adolescent growth and development, including physical, emotional, sexual, and gender-identify development.
2. Describe and discuss the role of primary care clinicians in addressing adolescent health issues, including skills to conduct a comprehensive adolescent history and manage controversial issues.
3. Recognize adolescent health issues and problems, including menstrual disorders, depression, substance use, sexually transmitted infections, HIV, risks for unintended pregnancy, gender dysphoria, and common dermatology conditions.
4. Recognize presentation of adolescents with critical illness.
5. Explain strategies to improve adolescent health within the context of global, regional, and local communities.

ACCME Accreditation Statement
Children's Hospital of Philadelphia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA Credit Designation Statement
Children's Hospital of Philadelphia designates this live activity for a maximum of *28 PRA Category 1 Credits™* .
Physicians should only claim credit commensurate with the extent of their participation in the activity.
